

# SAFETY ALERT

<b>Title:</b>	Reinforcement of Coral Homes Construction HSE Management Plan		
<b>Date:</b>	Monday, 16 December 2024	Alert Ref:	SA161224
<b>Issued to:</b>	<b>To:</b> All Contractors in QLD <b>Cc:</b> Construction Teams in QLD		
<b>Background:</b>	As part of Coral Homes' ongoing commitment to maintaining a safe and healthy work environment, we would like to reinforce the importance of adhering to the Coral Homes Construction HSE Management Plan. This plan has always been a fundamental requirement for ensuring the safety of all workers on site, and also the safety of the general public in the vicinity of our sites.		
<b>Direction to Contractors:</b>	<p><b>It is your responsibility as a PCBU to ensure that your works and activities on site, do not expose other workers or members of the general public to safety hazards.</b></p> <p><b>Important Areas for Reinforcement:</b></p> <ul style="list-style-type: none"><li><b>Public Protection (9.1):</b> Coral Homes ensures public safety by implementing systems such as perimeter fencing, barricades, exclusion zones, signage, and traffic control, based on ongoing risk assessments. Progressive consultation will be conducted on site for all personnel involved, to implement processes and systems that will ensure the safety of the public and/or others.</li><li><b>Traffic Management (9.4):</b> Proper traffic control is crucial for worker and public safety. This includes clear signage, vehicle and pedestrian separation, and safe vehicle operation. These measures must be followed to prevent accidents and ensure smooth site operations.</li></ul> <p>Please be reminded that adhering to the established safety protocols in the Coral Homes' Construction HSE Management Plan is not optional, it is a requirement for working on any Coral Homes site. For full details on <b>9.1, 9.4</b>, and all other safety protocols, please refer to the Coral Homes <a href="#">Construction HSE Management Plan</a> available on the Coral Homes Site Safety Website. Access to the website is</p>		

also available via the QR code on the site safety sign positioned at the front of every Coral Homes Construction site ([see Fig.1](#)).

**Fig. 1: Image of the site safety sign with QR code providing access to the Construction HSE Management Plan.**

For any questions or HSE enquiries, please reach out to your Coral Homes Building Supervisor in the first instance. Thank you for your continued commitment to maintaining a high level of safety on all Coral Homes sites.
