| <b>Background:</b>                   | <p>Coral Homes is committed to complying with local authority requirements across all projects. All construction activities must be undertaken within the approved construction hours applicable to each project.</p> <p>Unless more restrictive requirements apply, standard construction hours are:</p> <ul style="list-style-type: none"> <li><b>Queensland:</b> Monday to Saturday, <b>6:30 am – 6:30 pm</b></li> </ul> <p><b>No construction work is permitted on Sundays or Public Holidays.</b></p> <p><b>Contractors must also check with local authorities for any additional council/development restrictions that may apply.</b></p> <p>Construction work extends beyond building activities and may include contractor attendance, machinery or truck movements, deliveries, loading or unloading, and other site-related activities.</p> |                  |                                      |
| <b>Direction to all Contractors:</b> | <p>Subcontractors must comply with the approved construction hours for each project, including any site-specific restrictions.</p> <p>Where Coral Homes incurs a fine, penalty or other cost due to a subcontractor undertaking work outside approved construction hours, the responsible subcontractor will be <b>backcharged for all associated costs</b>.</p> <p>Thank you for your cooperation and continued commitment to safe and compliant work practices on all Coral Homes sites.</p>                                                                                                                                                                                                                                                                                                                                                        |                  |                                      |
